The Army and Navy Union of the United States of America, founded in 1886, is the oldest Veterans' organizations in America. It is the only American Veterans' organization in which membership is not limited to any specific form, branch, place, or nature of the Military service rendered, nor is membership restricted by consideration of racial origin or religious creed. ANY and ALL individuals who have served honorably in the armed forces of the United States, or who are still serving honorably in uniform, are eligible for membership.

The Army & Navy Garrison 52 of National Park NJ still upholds these standards today. Through our membership drives and fund raisers, we provide aid to various veterans' organizations and local associations that request assistance.
